

Environmental, Socio-economic, and Health Impacts of Artisanal and Small Scale Mining

The International Research Centre for the Management of
Degraded and Mining Lands (IRC-MEDMIND)
University of Brawijaya, Indonesia

Edited by
E. Handayanto, B.D. Krisnayanti, and Suhartini

Content

| | |
|---|----------|
| Preface | v |
| Part 1. Environmental Aspects of Artisanal and Small-scale Mining | 1 |
| Mining Waste Contaminated Lands: An Uphill Battle for Improving Crop Productivity..... | 3 |
| <i>B. Moban Kumar</i> | |
| Phytoextraction to Promote Sustainable Development | 15 |
| <i>C.W.N. Anderson</i> | |
| Mercury Level in Hair Artisanal Gold Miners and Its Solution with Affordable Technology | 23 |
| <i>C. Chamid and B. Sulistijo</i> | |
| On-site and Off-site Impacts of Artisanal Smallholder Gold Mining of Pongkor Mountain to Water Quality of Cikaniki River..... | 31 |
| <i>I.G.P. Wigena and S. Rochayati</i> | |
| Lead and Chromium Removal from Leachate Using Horsetail (<i>Equisetum hyemale</i>) | 49 |
| <i>E. Kurniati, T. Imai, T. Higuchi and M. Sekine</i> | |
| Potential Accumulator Species in Nickel Post-Mining Land of Sorowako, South Sulawesi | 55 |
| <i>Netty, T. Wardiyati, E. Handayanto and M. D. Magbfoer</i> | |
| Mercury Concentration on Tailing and Water from One Year of ASGM at Lantung, Sumbawa, Indonesia | 61 |
| <i>B.D. Krisnayanti, Z. Arifin, Bustan, Sudirman and A.Yani</i> | |
| Thiosulphate Assisted Phytoextraction of Mercury (Hg) Contaminated Soils at The Wanshan Mercury Mining District, Southwest China..... | 67 |
| <i>J. Wang, X. Feng and C.W.N. Anderson</i> | |
| The Use of Glyphosate Herbicide as The Sole Source of Phosphorus for Screening of Soil-Born Fungal Strains from Treated Soil..... | 77 |
| <i>N. Arfarita, T. Imai, K. Yamamoto, T. Higuchi, M. Sekine and B. Prasetyo</i> | |

| | |
|--|-----|
| The Potential Use of Indigenous Nickel Hyperaccumulators for Small Scale Mining in The Philippines..... | 83 |
| <i>E.S. Fernando, M.O. Quimado, L.C. Trinidad and A.I. Doronila</i> | |
| Effect of Traditional Gold Mining to Surface Water Quality in Murung Raya District, Central Kalimantan Province..... | 91 |
| <i>W. Wilopo, R. Resili and D. P. E. Putra</i> | |
| Environmental Stewardship for Gold Mining in Tropical Regions | 97 |
| <i>A. Isabak, S. Surif, M. Sabani, A. Gill and J. Phang</i> | |
| Contribution of Arbuscular Mycorrhizal Fungi on Growth Performance, Soil Physical and Biological Quality on Post Mining Landuse..... | 105 |
| <i>N. F. Mardatin and Y. Setiadi</i> | |
| Clay and Organic Matter Applications on The Coarse Quartzzy Tailing Material and The Sorghum Growth on The Post Tin Mining at Bangka Island..... | 111 |
| <i>M. Nurcholís, A. Wijayani and A. Widodo</i> | |
| Resistance of Water Spinach (<i>Ipomoea aquatica</i> Forsk.) Exposed to Lead (Pb) | 121 |
| <i>F. Rachmadiarti, W.H.Utomo, L.A.Soehono, B. Yanuwiyadi, and H.Fallonfield</i> | |
| Characteritaton of Phosphate Solubilizing Bacteria Isolated from Pb Contaminated Soils and their Potential in dissolving Tricalcium Phosphate..... | 133 |
| <i>L.E. Susilowati</i> | |
| The Potential of <i>Chromolaena odorata</i> as a Remediation Species for Gold Mine Tailings | 141 |
| <i>A. Hamzah, Z. Kusuma, W H Utomo, and B. Guritno</i> | |
| Tolerance Mechanisms in Mercury-Exposed <i>Chromolaena odorata</i> (L.f) R.M. King <i>et</i> H. Robinson, a Potential Phytoremediator | 149 |
| <i>H.J.P. Alcantara, G.C. Rivero and J.M. Puzon</i> | |
| N Mineralization from Residues of Crops Grown with Varying Supply of N Concentrations..... | 165 |
| <i>A. Sholihab, E.Handayanto, S. Priyono and S.R.Utami</i> | |
| The ability of <i>Hydrilla verticillata</i> (L.F) Royle and <i>Pistia tratiotes</i> L. to reduce levels of Pb..... | 173 |
| <i>H.R.P.Dewi, H. Fitrihidajati and Wisanti</i> | |

| | |
|---|------------|
| Selection of Hyperaccumulator Plants for Mercury Contaminated Soil..... | 185 |
| <i>N. Muddarisna, B.D.Krisnayanti, E. Handayanto, S.R. Utami and Amrullah</i> | |
| Ecosystem Evaluation of Post Sand Mining Land in Cimalaka, Sumedang..... | 189 |
| <i>A.R.F. Sholibab and A. Sjarmidi</i> | |
| Part 2. Socio-economic Aspects of Artisanal and Small-scale Mining..... | 195 |
| Increasing Cocoa Productivity and Farmer Capacity in Surrounding Area of PT Kaltim Prima Coal and PT Berau Coal..... | 197 |
| <i>J.B.Baon, A.A. Pravoto, A. Wibawa and S. Abdoellab</i> | |
| Study on Income Distribution and People Attitudes Inside and Outside a Diamond Mining Area in Banjarbaru, South Kalimantan..... | 207 |
| <i>N.D. Yanti and Y. Azis</i> | |
| Integrated Institutional Approach in Artisanal and Small-Scale Mining (ASM): Social Economic Perspectives | 217 |
| <i>M.A. Junaidi and T. Koerniawati</i> | |
| Part 3. Health Impacts of Artisanal and Small-Scale Mining | 231 |
| Health Impact of Artisanal and Small-Scale Mining..... | 233 |
| <i>E. Widjajanto</i> | |
| Oxidative Stress and Foam Cells Formation after Inhalation Particulate Matter 10 (PM10) of Coal Dust in Diabetes Mellitus Rats | 239 |
| <i>B. Setiawan, Nurdiana and M.A. Widodo</i> | |
| The Effect of Melatonin to the Wistar Rats Exposed to Coal Dust..... | 247 |
| <i>Nurdiana, M.A. Widodo and Q. Sholibab</i> | |
